

Business Performance & Customer Intelligence Dashboard

KARTHICK RAJA L 

Data Analyst | Power BI Developer

This Power BI dashboard provides a comprehensive view of organizational performance by integrating customer, sales, product, and regional data into a single reporting platform.

Business Questions Answered :

1. What are the top-performing products?
2. Which regions generate the highest revenue?
3. How are customer retention rates changing?
4. What drives product returns?
5. Which trends impact profitability?
